LET'S CONNECT

1. Connect to **"Glide_Signup"**
2. Open a browser for the Glide welcome screen
3. Register an account under **"Just moved in?"**

CONNECT TO YOUR SECURE NETWORK

If registration has been successful, a confirmation screen with your unique network passkey will be displayed.

Click on the copy icon and go to your device's nework settings.

Forget the "**Glide_Signup**" wifi network and connect to the "**Glide_Resident**" network instead. Paste your passkey in at the prompt and continue.

Once conected, you can get online.

You can use the same passkey to add further devices to your personal, private network.
